My dear Gray

Enclosed is the bill of lading
for the box of genera Staatarium
and your account from which
I have deducted the £3.6.0 received
in your letter this morning. Many
thanks again for all the trouble
you have taken.

What you say of the possibility
of your and Mr Gray coming over
this year is very tantalizing I should
so much like to shake you both by
the hand once more before I die

Yours ever affectionately
George Beutham
